**Re: I SUPPORT [HB 2560] and [HB 2363]...***"Remote Meetings," YES! "Fake News," Hell NO!*

**I OPPOSE [HB 2745] and [HB 3021]...***Racism is still on the march. Multiple languages? English is cheaper.*

**In re [HB 2560]:** Remote meetings should be codified. Saves the planet, prevents sore butt disorders associated with uncomfortable seats and you avoid ugly people with bad breath.

**In re [HB 2363]:** Get rid of all the "Fake News" you can. Make penalties severe with any propagation and promulgation of any and all misleading information pertaining to elections.

**In re [HB 2745]:** continues to institutionalize, by way of incorporation, of systemic racism into Oregon law.

Allows too much information for statistical use on voting trends.

**In re [HB 3021]:** People must learn English.

The costs of [HB 3021], the amount of paper; professional translation; printing costs and climate destruction does not justify this piece of legislative crap.

*Respectfully submitted,*
