

I wholeheartedly support this measure. I live in North Portland, and like others in my neighborhood and those in surrounding neighborhoods, I suffer increased environmental pollutants from greenhouse gas emissions and other toxics because of Swan Island, I-5, and Columbia Boulevard. I have been struck by how companies like NW Metals and others in the Cully Neighborhood have had significant health impacts.

I suffer from asthma. Particularly in the summer or during inversions other times of the year, I cannot comfortably or safely leave my house without impacting my health and well-being. Please push this legislation forward.

I am a member of the Clean Air Committee of the Arbor Lodge Neighborhood, and active within the Multnomah County Democratic Party.

Nancy Hedrick, Portland 97217
