

Dear Committee:

I urge you to support HB 2725 to protect the nurseries of the river. These nurseries, that create habitat and food for many river species, are the very nearshore areas that are harmed by artificial waves generated by some towed water sports boats.

By passing HB 2725, we can limit the huge weight of towed water sports boats to 4,000 lbs (which should be river-wide), and can create a more representative OSMB to better incorporate protection of the nurseries of the river, protect private property, and protect other river users.

Today these boats are far too big, and the OSMB is too limited in its representation.

Thank you for supporting bills to reduce impacts of heavy boats on the river.

Sincerely,

Leigh Schwarz
