

SB 732

I STRONGLY OPPOSE SB 723. You Dems are good at changing language. Equity is NOT the same thing as equality but yet you attempt to treat them the same. Equality is equal rights; equity is equal outcomes! It is impossible and dangerous to get equal outcome, this is now why schools such as Lake Oswego are getting rid of AP classes.....all "inequities" are seen as racist. The term equity groups people by race and takes away all individual achievement. Equity sees ALL disparities as racist. I've seen this equity crap go into many OR school its just a vehicle for LGBTQ, Critical Race Theory, Comprehensive Sex Ed.....all radical non education programs.
