

To the Committee:

I am writing to offer my full support of this legislation. Agricultural workers have long been among the most exploited labor force in our state, and they deserve to be paid decent wages -- including overtime. Their work is both difficult and necessary. It can also be dangerous, and it can be precarious. They deserve protection and good pay. I urge you to fully support and advance this legislation.

Thank you,
Eliza E. Canty-Jones
Portland, Oregon
