

Respectfully, I am in strong opposition to this bill. I have six children, two of whom I adopted last year. In order to accommodate my whole family in water sports we enjoy, we had to buy a larger boat. I checked the specs and our boat is 4500 lbs. Essentially, this bill would render our boat useless to recreate as a family as we would no longer be able to tow a rider for ANY reason - tubes, skis, wakeboards, wake surfing, etc. This would be a serious loss to our family connection and a serious loss of investment.

For families, this arbitrary weight limit is a serious overreach and is unnecessary.

Please do not pass this bill.

Thank you!
