Re: I OPPOSE [SB 204] and [SB 621]...Insurance Companies are dropping insurance coverage of businesses.

In re [SB 204]: Citizen Review Boards / Bodies are in "No" way "Law Enforcement Agencies."

Citizen Review Boards / Bodies are political bodies staffed with individuals espousing their personal opinions as to their beliefs on law enforcement.

Citizen Review Boards / Bodies are not placed on any official ballot and are not therefore "elected" by the voters; they are "political appointees."

Those who espouse Citizen Review Boards / Bodies are "Law Enforcement Agencies" as does the City of Portland, Oregon are political brown-nosing charlatans, in league with the political morons in Portland.

*****Under "No" circumstances should any Citizen Review Boards / Bodies have any access whatsoever to the Law Enforcement Data System.**

*****It could be argued, any and all elected members of the Oregon legislature who would give any and or Citizen Review Boards / Bodies access to the Law Enforcement Data System promotes anarchy and enables and facilitates the criminal element in various criminal enterprises.**

In re [SB 621]: Senator Frederick, appearing to be a political lackey of the City of Portland, has a mistaken view the City of Portland, Oregon represents the entire State of Oregon.

Portland, Oregon is an embarrassment to the State of Oregon and to the United States of America. The elected idiots promoted, enabled and facilitated multiple incidents of; arsons, burglaries, assaults, lootings, vandalisms attempted murders of Police Officers and any and all crimes I am not aware of at the date of this testimony during the many, uninterrupted days of lawlessness and rioting anarchy.

[SB 621] is Portland, Oregon's decision to have Citizen Review Boards / Bodies in their jurisdiction, as referenced and incorporated into the, "**Text: [Page 1 at (21-23)],**" speaks for itself.

[SB 621] attempts to permit Portland, Oregon to set policy for the inclusion of Citizen Review Boards / Bodies throughout the State of Oregon.

[SB 621] is an abomination to permit Portland, Oregon, a once pristine and beautiful city, to be managed by idiots who cater and fondly embrace the criminal element and now the same idiots want to set policy for the entire State of Oregon.

Portland's tax revenues are shrinking, due to businesses leaving Portland resulting from damages of lawlessness.

Respectfully submitted,
