

Next up Oregon-

A fellow inmate shared with me your flyer and I am responding. My name is JOHN LANDIS and my SID# is 11711138. This is my first time in prison. Prior to my arrest, I voted in every election I was qualified to vote in. I am a Registered Republican and I believe all American citizens have a right (even a duty) to vote. I served my country in the US Army to protect citizens rights.

When I am released from custody, I intend to exercise my right to vote. I should not be disenfranchised as an adult in custody. I retain my constitutional rights as a person in custody, I should be able to exercise my right to vote. I frequently share with my fellow inmates that even as felons in the State of Oregon we retain the right to vote and that is the only way to change the outmoded, archaic laws in this state.

Please feel free to share my comments with whom ever you choose.

Respectfully,

JOHN LANDIS
