

I oppose this bill, because the 4000 pound weight limit will not allow me to use the boat that I bought on the upper limit.. we are also looking at purchasing a home on that stretch of the river and now considering otherwise. Because property values will plummet if they're bill passes.. the hearing was not conducted well at all, you allowed people who for this bill to speak for 48 minutes.. can you gave all the people opposed less than an hour.. it was very unfair
