

I ask that you implement the full funding for Measure 110. Treatment for substance abuse has long been overlooked in the state of Oregon, and we are experiencing severe consequences in terms of the loss of people both literally; as well as the loss of people's ability to be fully functioning, contributing members of society in our state. Funding this bill will create access to treatment for substance abuse throughout the state, which is very much needed.

Please fully fund Measure 110.
