

To Chair Witt and members of the committee,

I urge you to support the health of Oregonians who want raw milk butter by legalizing its sale in Oregon with passage of HB 2612. I regularly drink raw milk as well as consuming yogurt that I make from this raw milk. At 78 I enjoy excellent health by eating a very health promoting diet.

I have never had a safety problem by consuming raw milk and raw milk products. It would be invaluable to be able to include raw milk butter in my diet because it is much higher in the vitamins, minerals and enzymes that God has seen fit to put in milk producing mammals.

Oregonians deserve to have every opportunity to obtain highly nutritious foods such as raw milk butter.
