

3/11/2021 8 am – Senate Bill 220

Senate Committee on Judiciary and Ballot Measure 110 Implementation

SB 220 as written is not specific, thereby I oppose as written; for example:

Page 1, Line 18 and 24 - after "or" insert, secure or encrypted before "electronic mail".

Page 2, Line 5, delete all text after "current". Three years expired would not be tolerated by the general public to present an expired ID or passport to a state official or financial institution therefore as written should not be part of this Bill.

Page 2, Line 12-13, after "writing", should be deleted. The transaction of witnessing, signing and delivering should not be put off with language in the Bill "thereafter". For situational illustration, telling your banker I need the keys to the house I just bought and I will be back later to sign the mortgage contract, then never follows through.

The use of "contemporaneously"; legislator's decision quite some time ago, to make bills and laws plain language; Another lost promise, wait long enough, citizens will forget the promise?

Page 2, Line 28, after "witness", the witness "unrelated and without monetary or other compensation to act as witness, and does so at their own free will".

Page 3, line 1, after "means the", delete relationship. Insert "a group of" two or more individuals. Add "unrelated and without monetary or other compensation to act as witness, and free will".

Has the meaning in the instance of a subordinate may feel threatened with repercussions if did not do as asked in an employer/employee affiliation.
