Dear Senate Finance and Revenue Committee,

I'm writing to urge you to **vote YES on SB43** pertaining to labor rebates and tax credits for media production.

The Oregon film industry is seeing some amazing momentum and growth across TV, Film, Video Game and Post Production. I've been an actor in this market for 4 years and am very optimistic about the future of the Oregon film industry. I've worked on projects such as Grim, Portlandia, Librarians, Bad Samaritan, etc, but it's the smaller projects with developing filmmakers that gives me the most joy.

Having a thriving industry in Oregon helps develop the next generation of young filmmakers. When you see TV / Films being made in your own backyard, it's tangible that you can also do this. Mentorship plays an important part in all industries, but I believe when you see the magic being made in real life, it empowers you to develop your own voice. When Oregon wins, we all win.

Please **vote YES on SB43** to extend these critical programs for our local production industry. It supports my livelihood.

Regards,

Neil Green
