

I am asking the state stay out of the private school sector. We pay taxes to support public schools and we pay for are child to go private school. We have a choice to stay out of the public school system and we still pay taxes for you to spend. I choose private schools since the people in charge have decided to let the public schools fall apart and not teach what it takes to be a supportive person in the working world. I choose private because their is no control of students or actions of students in public schools and it is sad you can go to any high school and getting any drugs you can imagine at lunch in any part of the school or class. I hope you choose to leave us private schools alone and we will still pay taxes to your public school system. Leave us out of the public mess you have created I want my child to say the pledge of alegiance to the flag and pray and discuss religion.

Thank you
