House Committee on Veterans and Emergency Management

Strong Opposition to Section 5 of HB 3160

Chair Evans, Vice Chairs Lewis and Meek, Members of the Committee:

I am Kelsey Wood. I am the agency principal for Gordon Wood Insurance & Financial Services in Roseburg. On behalf of my customers, I am very opposed to the part of the bill that speaks to funding.

- My customers absolutely do not want to pay more for their insurance.
- My auto consumers don't want to pay for property losses that have nothing to do with their driving.
- Our industry already pays taxes for operation of the State Fire Marshal.

Funding should come from the General Fund or other sources, NOT from the insurance industry.
