

Dear Chair and Committee Members,

Please vote NO on SJR 4 and stop this bill! We strongly oppose amending our Great Constitution to modify Quorum. A 2/3 Quorum preserves representation for rural areas which is very necessary! Let's have limited government and please stop the political bullying of the minority party. They shouldn't have to deny quorum to protect us. Listen to their concerns and start doing what's best for Oregonians. Please vote NO on SJR 4.
