

I oppose HB 2949. This bill is discriminatory and racist against people who do not fall into the category of "BIPOC." Why can't everyone be treated the same way and work their own way up the ladder of success? This bill would cost taxpayers \$108,000,000 by appropriating money from the General Fund. I do not support this blatant attempt at inserting systemic racism further into this state. I oppose HB 2949.
