

Please support HB 2728 to end coyote killing contests. Oregon's wildlife is managed for all Oregonians, and it is a grave violation of the state's duty to allow individuals to wantonly kill Oregon's wildlife, a public resource, as a part of a cruel and inhumane blood contest. HB 2728 is good for farmers, hunters, and wildlife. Science proves that randomly killing coyotes increases conflict with livestock, and these contests cast Oregon's ethical hunters in a bad light. HB 2728 is legislation that is perfectly aligned with Oregon's values, the best available science, and broad public support.
Thank you!
