

I'm writing on behalf of Salem Cinema. A theater that I hold near and dear to my heart. Salem Cinema isn't just a movie theater, they're exhibitors of moving arts. In a period where it's more lucrative to show superhero movies , they instead choose to show films that are emotionally, socially and environmentally conscious. Because they care not only for this city and it's people, but the world they are a part of. And we can't risk losing that. So please, please save the cinemas.
