

I have been an avid supporter of Salem Cinema for 15 years and have continued to support this theater during the pandemic. Salem Cinema has been a refreshing change from the major national theater chain (Regal) located in Salem. It has brought numerous independent films to Salem that I would never have seen or even hear of, many being award nominated films. The closure of this theater would be a severe blow to Salem's movie industry. Please provide maximum financial support to Salem Cinema.
