

The County fair is a wonderful family event that brings many people together for a wonderful week of fun. But not just fun of bring people from all over the county and other counties which helps build the economy. With the County fair the younger generation get the learning experience of raising their animals, caring for them, showing them and selling them. This is very important for the the future ranches and cattle industry. The county fair builds the agriculture, as well as so many other areas. It is something everyone looks forward too, economically, from restaurants, gas Stations, motels, rodeo contestants and fans. Please, considee all areas and the negative effects it would have on all people young and old. The County Fair os a very important part of the County.
