March 4, 2021

To whom it may concern,

My name is Allan Duffy, and I am the former Mayor and current City Administrator for the City of Elgin, Oregon, a rural community with a population of 1,750. I had the pleasure of working with Elgin Health District in securing funding and building a new health clinic, a very needed facility in Elgin

The last key component for the clinic to meet the needs of our residents is a pharmacy. Many of our residents are elderly and /or disable and will go without prescriptions due to the distance they have to travel to pick them up, if they are even capable of getting themselves there. Several rely on others to pick prescriptions up for them.

I'm writing to request any assistance that you can provide us in helping my community put this final piece in place. I want to thank you in advance for any help you can provide us to make this pharmacy a reality

Respectfully,

Allan L. Duffy  
City of Elgin Administrator
