

Senate committee,

I wanted to write you to let you know why retroactive is important to me and my family. It's important to me so I can go back to being the backbone to my family. My family is the most important thing in my life and if it wasn't for the mistake I did, I would still be with them. My two kids are young adults and need more guidance in their life to make better choices so they can have a better life than I did. My wife of 20 years would get my help back to help with her mental health issues which keep her from having a normal life, and from fully helping our two kids. Please vote Yes on SB 191 and help My family and others reunite. Thank you for your consideration.

Sincerely,

Michael Emmett
