

Senate Committee on Judiciary

Senate Bill 191 will only benefit AICs who have done the right thing since being in D.O.C. custody.

This is not a get out of prison free card. This is earned good time sentence reduction by doing the right thing. Better yet, the retroactivity of this bill, means AICs will be rewarded for doing the right thing when they believed that in doing the right thing will not give them time off, but still they chose to do good.

Children of AICs deserve to have their parents to come home as soon as possible, Measure 11 or not.

Please do the right thing. Do the historic thing. Support families and don't forget about those serving Measure 11 sentences for decades now. Don't try to fix the future until you learn from the past.

Vote Yes on SB 191.. vote yes on families. Vote yes on retroactivity.

Bobby Jackson
