

To: The Senate Committee,

My name is Tyler Johnston, Greetings and Salutations. Thank you for everything you are all working on with Reforming Measure II.

I will not tell you my life story but I will say most the people I come to find in prison and get to know are ready for the streets. Not everyone does their time getting into trouble. I personally cant wait to begin a new life. Meet my daughter face to face for the first time. Get a Job in the Portland Union and continue my education as a Carpenter. Living a Clean and normal life with the ones I love.

The reason I write is to ask you to pass SB191 and to make it retroactive. Retroactivity is important to me because it means I can do all those things sooner and become a valuable and contributing member of the Society.

Thank you for your time and consideration in this matter.

Sincerely,
Tyler Johnston
