

03-21-21

If Ballot Measure 110 is signed into Law and made retroactive, back 15 years or more, it will allow me to get back with my wife who has been struggling with keeping a house, car, and kids all taken care of with-out my support, financially and emotionally. We have been together since 2007 and this separation has been hard on all of the family.

I will also be able to start rebuilding my relationship with my stepchildren, grandchildren, Nieces and Nephews.

I have also been working for DMV Call Center for over a year and have the training and experience for a job at ODOT or any other customer assistance call center. I look forward to being part of society as a productive participant.
