

I fully support HB-3343 setting clear guidelines and limits on campaign contributions.. It prohibits self dealing, building campaign war chests (personal use), it addressed coercion of employees and staffers, provides requirements for clear, accurate and timely reporting to the SOS and Attorney General. This bill also address who can and who is prohibited from donating to Oregon campaigns. Measure 107 passed by over 78% of Oregon voters. We are more than ready to have more honest elections and have the peoples voice count, not big special interests. Please pass HB 3343.
