

SUPPORT HB 2728

I'm saddened and embarrassed as a native Oregonian from a pioneer family that this Nazi-like killing spree of our native coyotes continues to happen in my home state OREGON!!!

These barbaric and unnecessary frenzied killing sprees of our fellow sentient beings, incites murder and violence with our younger population. I'm sure the ODFWL, predominantly white middle-aged men who love to kill, are in favor of this horrific "for fun" violence and the entire OFWL Department should individually be vetted out especially after the cruel and unnecessary bludgeoning to death of the terrified baby bobcat by an OFWL killer a year and a half ago.

Let us not forget that in 2019 Governor Brown hired James Nash, who is not only a killer of coyotes but also of exotic and threatened/endangered animals, as Director of OFWL but thankfully thoughtful and good Oregon citizens called Governor Brown out with an immediate petition of 66,000 signatures to fire him. Governor Brown played dumb when confronted by Oregonians for this egregious appointment. She never vetted out the background of James Nash nor had anyone else from her staff vet out this evil inhumane person.

These coyote killing sprees are wrong, non-environmental, cruel and cause pain, fear, suffering and ultimate massive deaths.
NEEDS TO STOP ASAP!

Please vote to SUPPORT HB 2728 to stop these brutal and ruthless coyote killing contests.

I ask you where is your enlightenment and empathy for other living sentient beings?

Thank you.
