To whom it may concern

I'm writing today to dispute Measure 11.

My belief is that this measure should not apply to all who are incarcerated.

My concern is for an inmate, Samuel Mason. I feel that he should be granted "good time served".

Before Samuel was incarcerated he held long time employment with a company that appreciated him for his dedication and hard work , who was considered an excellent employee.

He is an awesome Father to his children and very loved member of his family and close friends.

He is deserving of a shorter sentence due to these factors.

We appreciate your time to read and consider our request at this time.

Thank You
