

I think it is important to not harass my unhoused neighbors, here in Oregon, if they are being lawful and respectful and respectful. And if the city supplies proper/sufficient facilities: toilets, hand washing stations, trash and recycle bins.....most unhoused folks will use them correctly....and thus be more "respectful" . I know this is not a long term solution, but in the mean time, give them an appropriate place to live in their tents and trailers . It was in all of our best interests to help them be lawful, healthy, tidy and have the bare minimum spot for existing, living and eating and sleeping, while they, and all of us, wait for numerous and better long term solutions.....Thanks for listening, Cathy Ellis. Friendly neighborhood, Eugene
