

The 2nd amendment gives me the right to carry, and protect myself. My rights shall not be infringed upon. This is an asinine law. An upstanding citizen with a legal carry for having a gun in a public place or private business is not a criminal. Do not treat upstanding citizens as criminals.

Guns are not the problem

Lawless people, and stupid people who try to pass stupid laws are the problem. Why not pass laws that go after the true criminals? The state of Oregon is no longer the beautiful state it used to be. Democrats have not done 1 thing that makes Oregon a better place to live. This law is wrong, and I oppose it.
