

SB554 is clearly wrongheaded, Why in the world do you wish to punish "Law Abiding" Citizens.

Please refer to the US Constitution, Amendment II.

Anarcho-Tyranny.

Where the government, refuses to control real criminals (that's the anarchy) which leads to riots, crime, arson, murders; but the government controls the innocent (that's the tyranny), with laws, quarantines, media domination and economic manipulation.

The only class which benefit is the ruling class.
