

Hi, my name is Neeky Chernishoff and I'm writing today to ask you to oppose this bill.
I appreciate my second amendment right to defend myself and others anywhere, anytime.
I will feel unsafe being defenseless and my kids will miss out on so many places because I could not be comfortable taking them even to the library without knowing I had a plan in case of chaos!
I am a born and raised oregonian, a woman, a mom, and I deserve to be involved in the state's decisions of my rights!
I implore you to stand with me in keeping my family safe AND all the beautiful oregonians who want nothing more than to help keep criminals at bay!
We don't want to pay for people in jail who never actually hurt anyone, neither should you.
Thank you for putting our rights first and opposing SB554
