

Are you snakes trying to add removal of state pre-emption and the lock up bill as amendments to SB554!?!?!? THOSE ARE EVEN BIGGER SEPARATE BILLS THAN SB554 ITSELF IS!!! What about all the testimony that was given with no idea those amendments would be added!!!

This may be legal but it sure is unethical as hell!!!

If that passes like that the uproar from the pro 2A community will echo for years and years!! There are a LOT more Democrat gun owners than you think and I 100% absolutely guarantee you they will be well informed of this dirty trick!!!

What kind of treacherous awful crap is that?!?!?! That's not legislating fairly that is nothing but dirty tricks!!!!
