

This law does nothing to address criminal activity. It turns Oregon into a patchwork of nearly impossible to navigate redzones for firearm owners wishing to bare arms. This removes the second part of the 2nd amendment right to keep AND bare arms. This is a complete infringement of the 2nd amendment. It will make criminals out of law abiding citizens who did nothing more than drive too close to a restricted building of which they won't even know it was because there will be no way of knowing the area is restricted until its too late.

It is a fact that mass shootings overwhelmingly happen in gun free zones (in the 90%^s). This bill's proposed solution to help curb violence by create more gun free zones is highly illogical and creates the very thing that is the main ingredient to make future mass shooting possible.

This is the worst kind of bill. It is aimed directly at good people, people who wish to do right. It makes the ability to do right as hard as possible and in many cases completely impossible.

Do not do this to good people.
