

SB 554 has morphed into a travesty of legislative abuse.. The democrats want to use the 'emergency clause' on this bill to keep the people from putting this abomination on the ballot, where it without a doubt it will be defeated. Senate President Peter Courtney, you are doing the law abiding gun owners and citizens of Oregon a huge disservice by pushing this. If you want to push this, push it off your desk and into the trash where it belongs.

Thank you,
