

Those of you who are pushing gun control and in doing so, breaking your sworn oath to uphold the US Constitution with the Bill of Rights, do not represent the majority of law-abiding citizens. Shame on you all for being cowards and prostituting your position in office to the highest bidder for your own career advancement.

You know as well as any of us that firearms are not the problem. You know as well as any of us that criminals will not abide by these firearm restrictions and that you are putting us in jeopardy of losing our lives should we become a victim of violence. You are the reason that lawlessness is freely destroying our state through rioting, looting, intimidation and at times, assault because you won't stop those who willfully break law after law. You do not support law enforcement and now you intend to prevent us from protecting ourselves and our loved ones. Shame on you.

We all are facing more than just the insinuation of communism into our government, culture, and society as a whole. Evil is a very real entity. You know that for communism to succeed, all citizens must be disarmed and that the first step towards that goal is gun control. When you take a stance against Oregonians by siding with those who want to destroy our country and state, then keep in mind that you must also abide by the laws you enact. Keep in mind that those in Washington that you think are supporting you, will eventually throw you under the bus when you are no longer useful.
