

Hello to the committee,

My name is Wesley and I am a Political Science major at the UO. I dream of going to law school after I finish here. I am a recipient of the Oregon Opportunity Grant and I ask you to allocate \$290 M to this grant. Even with the grant, affording school has been very hard. I've had to leave classes because it didn't cover my costs and couldn't pay. I've spent hours and hours trying to find alternative cheaper textbooks and school materials. I live at home and do school that way because it's too expensive to live outside of my home.

Please remember me when allocating the budget. Please fund the Oregon Opportunity Grant at \$290 M.
