Re. Opposition to HB 2681

Chair Wagner, Vice-Chair Girod, and Members of the Senate Committee on Rules:

I urge you to vote no on HB 2681, which would stop the maintenance of our voter rolls. This bill attempts to defy the reality of the Law of Maintenance. In the real world that we live in, maintenance is a good thing: we work to maintain our cars, homes, yards, parks, health—to prevent deterioration, chaos, and increased future costs. Why would anyone choose to NOT maintain our voter rolls? The natural consequences will be the deterioration of voter integrity, confusion, and higher costs. I hope that is not your intention.

Please vote no on this harmful bill.

Thank you for your time and consideration.
