Re: HB 2393 Relating to motor vehicle liability insurance coverage

Dear Chair Prozanski:

Lyft appreciates the opportunity to comment on HB 2393. This bill would require transportation companies to provide motor vehicle liability insurance policies that include personal injury protection--commonly referred to as PIP.

As a rideshare company in the state of Oregon, we partner with tens of thousands of active drivers on our platform to provide mobility as a service. We consider the safety of our drivers and all of our riders to be of the utmost importance. This is why Lyft already provides personal injury protection as a part of our insurance policy for our drivers. Therefore, we are writing to express our neutrality on this bill in its current form.

We appreciate the opportunity to provide our thoughts on HB 2393. Should you have any questions, please feel free to reach me at scho@lyft.com.

Sincerely,
