

Dear Committee Members,

My name is Andrea Walterscheid. I am an Advanced Eden Energy Practitioner, Certified Functional Nutritionist(FNLP), Certified Holistic Nutritionist (CHN), and a Certified Eating Psychology Practitioner. The education that I have received has been rigorous over the last 8 years. As in medicine I am required to continue my education in these various modalities. I also need to carry professional liability insurance.

I am urging you to vote against this bill.

I am not against a fair method of licensing or regulation but this bill does not represent myself or the consumer.

Thank you for your attention.

Sincerely, Andrea Walterscheid EEM(AP), CHN, FNLP and CEPC.
