Re: I OPPOSE [HB 2929-A4]...There is absolutely "No excuse" for this type of Legislation to go forward.

[HB 2929-A4] is so repugnantly corrupt and evil, the entire twenty-eight (28) pages of the Amendment (-4) is contained in this one sentence.

What moron or collection of morons concocted this piece of Legislative crap? And who is their Daddy?

The encouragement to file; false, unsustained, misleading allegations about any Police Officer; to have a false record(s) published on the internet; keeping the data for thirty years in the Police Department even if the allegations were false and no discipline was needed is abhorrently evil.

Political opponents to Police Officers will have a "field-day" filing all sorts of false complaints.

Publishing the false complaints and personal information on the internet is going to make recruitment of qualified personnel all but impossible. The anarchists won't have to burn buildings or threaten politicians to defund the Police, [HB 2929-A4] will do it for them.

Let us not forget the unscrupulous member in Police Command structure who could use [HB 2929-A4] for "feather-bedding" their career goals, extortion, blackmail you name the oppressive tactic and it will be used at some time by someone against an innocent Police Officer.

The cost to the taxpayers will be enormous to implement [HB 2929-A4].

The affect on existing Police Officers will be dramatically sickening. [HB 2929-A4] will create institutionalized hesitation governing all Police functions. Institutionalized hesitation can and will get Police Officers killed.

What should occur is the Members of the State of Oregon's Legislature should undergo the same treatment as Police Officers.

Members of the State of Oregon's Legislature are far more dangerous to people than Police Officers.

You whimpering crybabies can't even tell; the Governor, the Mayor of Portland and the Multnomah County District Attorney to go "screw themselves" and take the necessary steps yourselves to bring the; anarchists, urban terrorists and other assorted criminals, who have been rioting and committing all sorts of crimes in Portland, to justice.

*It is of interest to note, most of the Testimony in [HB 2929-A4] are "form letters" in structure and content.

I support transparency, on-going training and honest performance appraisals pertaining to Police Officers but, I vehemently OPPOSE [HB 2929-A4] with extreme prejudice.

How many Members of the State of Oregon's Legislature are "die-hard" Police haters?

How many Members of the State of Oregon's Legislature are "die-hard" Racists?

Respectfully submitted
