

May 14, 2021

Hello,

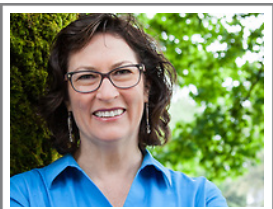

Please pass SB 852 to help refocus Oregon's housing policy on housing.

I would like to see more housing opportunities and solutions for folks experiencing homelessness and am not concerned that phasing out the MID for families making over \$200K is an issue.

As a realtor I see the housing inequities in our communities and as an Oregonian I would like to support those who need help the most. Lets refocus benefits for those who need it most.

Sincerely,

Susan Loop
