

I am in strong opposition of this bill. Please have a independent review that is done scientifically to determine if this is a real problem or not. I believe that it is a made up problem. Erosion is caused by rain and snow melt. The amount of erosion due to surfing or other boating sports is negligible compared to natural erosion. Was the grand canyon caused by wakesurfing? You cannot just ban a certain size of boat from a certain activity. Are you banning cabin cruisers or barges or tugboats that have a much larger wave?
