

Mike Nearman is a strong conservative and should not be expelled by members of his own Republican Party. We elected Mike, not you, his colleagues. We can unelect him if we think it is necessary. Those of you who support this miscarriage of justice have no right to disenfranchise voters and our support of Mike. Please do not let your feelings and emotions determine your decisions. You do not have the legal or moral right to expel Mike Nearman. This is an issue for voters. Thank you for your consideration.
