

I am a constituent of Oregon district 23 and I am appalled and embarrassed and alarmed by the irresponsible actions of Mike Nearman on December 23, 2020. I urge you to hold him fully responsible for his blatantly careless behavior by expelling him from the legislature. He was much more than disorderly. He knowingly placed everyone in the Capitol including lane enforcement officers at risk and abetted the disrupted of the business of the people. He has shown that he is clearly untrustworthy and unfit. I do not want him representing my district or any office in Oregon . He is too extreme and dangerous.
