Regarding expulsion of Oregon representative Mike Nearman elected by the people of the Independence Salem district
The bully Oregon legislature in Salem, conducted a witch hunt to intimidate, discredit and unseat an official elected by the people.
The PEOPLE are NOT asking for REPRESENTATIVE NEARMAN to resign.
The groupthink, lynch mob mentality party made up an infraction, attempting to indict, and is ready for the hanging of an individual who believes we still have laws, individual freedoms, rights and free speech.
Please stop this very wrong process. We object to the persecution of Representative Nearman, who broke NO laws.
