

This written testimony is opposing of your unethical laws or committees trying to rid the capital and the house of one of the most hardworking individuals I've had the pleasure of knowing in the PEOPLES CAPITAL BUILDING! He keeps you accountable and on your toes and that's why your taking it to this extent , if he had been a Democrat this would be a mute point.

He was voted in by the people , this isn't your decision to make for we the people!!
You ALL have forgotten you work for us the people of Oregon! I fully support Mike Nearman !!!
