

Good afternoon;

I am a resident of House District 23. While Mike Nearman was elected by my neighbors, he does represent my values.

Not that long in the past we had a weekend of remembrance, Memorial Day, paying tribute to those who paid the ultimate price to secure our Freedom. Those who enlist or take elected office take an oath, a Sacred Oath, to support and defend our Constitution. Mike Nearman violated that Sacred Oath by allowing rioters to enter our Capitol building, do damage to it, and harm those defending our Capitol building. Our institutions are safe-guarded by Americans who take that Oath. The violation of that Oath is more than enough reason to expel Mike Nearman from his office.

Especially when we reflect on the loss of American lives fulfilling that Sacred Oath. He not only insulted himself but every American who upheld the Oath that they took and especially for those Americans who paid dearly.

Respectfully
Hollis Ferguson
