

I am a 5th generation Oregonian. My forebears settled the valley and the town of Keizer bears the name I was born with. My father served in WW2 as a medical doctor; my mother as a nurse. I have served my community as a teacher and a social worker. I love Oregon. I love our nation for its commitment to civility and rationale behavior. No one in our law making body has the right to endanger the lives of those who work in the capitol building or his colleagues in the legislature. But that is exactly what Mike Nearman did. He planned to allow right wing radicals with violent demeanor and intent into the capitol building. He wantonly broke every oath he made to serve and protect the people of our state. He has no place in government of the people as he cannot even govern his own actions. I urge you to expel him from the house and bar him from ever holding office in Oregon. He lacks the character, the wisdom, the compassion required to participate in our representative democracy. He is willing to do violence to our government in behalf of tyranny, rule by violence, domination of others through fear and cruelty. He is facing charges for this behavior. How can we allow criminals to be law makers.? You must expel him and anyone else who behaves in this manner endangering lives, property and the process of orderly government. I urge you to uphold the law, the safety of law making public servants, and expel Mike Nearman.
